

### **Abstract Of The Disclosure**

The Communication System is comprised of a website that allows users to make video expressions of their opinion on a variety of issues that are broadcast in real time and translated into various languages. The Communication System also features audio/video cellular phones and telecommunication kiosks that can be used to produce video expressions, send/receive video emails, and conduct video conferences by those who do not have a computer, do not have Internet access, or are temporarily away from their computer.
